#### About SSK

Sahbhagi Shikshan Kendra (SSK) was established in 1990 with a vision to strives for a society which is based on equity and justice. It intervenes to enable the poor, marginalized, vulnerable and excluded sections of the society by encouraging, strengthening, and organizing them to enhance their participation in the process of their own development.

SSK follows a two-way approach to fulfil its vision and mission. On the one hand, it works as a support organization and is involved in the capacity building of civil society organization, community-based organization and other stakeholders through training and knowledge support. On the other hand, it works directly with communities on various developmental issues in the field.

#### About LIC HFL CSR

LIC Housing Finance Limited recognizes its obligation to the society and its future generations, its vision is to actively contribute towards social and economic development of the underprivileged/ economically backward section of the society irrespective of gender, caste, creed, and religion.

With the same vision LIC HFL collaborated with Sahbhagi Shikshan Kendra back in 2019 and started working in 10 of the most backward and underdeveloped villages in Hussainabad block of Palamu District in the state of Jharkhand under an innovative rural development program called *Holistic Rural Initiatives for Development Action and Yield (HRIDAY).* The project aims at promoting inclusive village development through Sustainable interventions.

Л

### About LIC HFL HRIDAY Project

#### Holistic Rural Initiatives for Development Action and Yield (HRIDAY) Project is an initiative by LIC HEL under

Project is an initiative by LIC HFL under its CSR.

The Project is implemented by Sahbhagi Shikshan Kendra in 10 selected villages of Hussainabad block in Palamu district of Jharkhand.

The project is designed to improve the condition of the people residing in the selected villages by focusing on different aspect of development related to empowerment (social, educational, and financial), heath and infrastructure. This program is implemented with an objective to develop a model village by working on all dimensions of

development relevant to the area.

Livelihood Promotion and Skill Development

LIC HFL

#### Quality Education Through School Development And Support

- 9 Government Schools were supported for promoting quality education, under this initiative following support were provided:
  - **150** School Benches and desks were provided as per the need
  - **9** drinking water station were constructed/renovated
  - 4 School libraries were established
  - **18** Adarsh Classroom were developed
  - 9 Toilet complex were constructed/ renovated
  - **9** School kitchen were constructed/renovated

**JE** 3

#### Strengthening of School Management Committee

In order to promote collective approach for school development and improve quality of education in government schools, SMC were made more active and participatory through:

भि उग्न मिळा

- Orientations and Trainings of SMC Members
- Regular Joint meeting with SMC and School Teachers

#### School Bus for Girls

Many of the young girls in the intervention area find it very difficult to pursue higher education because of poor transportation. The girls had to travel to the town if they had to continue their studies.

For many, it isn't possible due to high transportation cost. As a result, many of the girls are forced to discontinue their studies.

To address this critical issue a **Minibus** is provided for transportation at subsidised rate to the girls who wants to pursue higher education

#### Functional and Financial Literacy for Women

- 10 Village level Functional Literacy Centres were established
  - 10 young women were trained as a FLC tutor through a structured Intensive capacity building program and exposure
- The curriculum focussed on imparting functional, life skills, financial and basic literacy for the deprived, marginalised and illiterate women from the intervention area.
- 1200 illiterate women were enrolled in Functional and Financial Literacy Classes. A learner Kit was provided to all the women enrolled
- 40 Learning Exposure visit were organized for FLC learners to different Govt. departments and financial institutions

### Extented Education Support to Poor and Margnialized Children

• **10** Community Coaching centres were established in the selected village to provide an opportunity for the children from poor and marginalized communities to get education on par with those studying in private school

• 265 children studying in 8<sup>th</sup> and 10<sup>th</sup> standard from extremely poor families benefitted from community coaching. Supplementary books were provided to the students enrolled in the coaching classes.

 45 meritorious Girls in Metric exams were identified and provided with a bicycle in order to promote higher education and a sense of competitiveness

Due to extremely bad infrastructure, both in terms of roads and health services provided, most critical patients have to go out of the town in order to access better health service during emergency, local access is also a challenge due to poor transportation facility in far off villages

The Community Ambulance, provided under the project, is a 24x7 well-equipped ambulance service which aims to address the issues of urgent access to best possible health services during emergency.

THE OWNER

### Model Anganwadi

Two aganwadis were developed as a model, The Anganwadi were renovated and provided with basic facilities to provide medical and elementary education services for the children. Some of the facilities provided are:

IBULANCE

- Wall Painting
- Provision of Play material
- Seating arrangement for Children
- Provision of White board, slate and books

ननादाकन्द

- 963 women and adolescent girls were given orientation on safe Menstrual Health. Adolescent girls and women understood about whole menstruation cycle and their management, lots of myths and taboos were answered in the orientation
- **400** girls were oriented on Adolescent health and anaemia
- **378** Pregnant women were oriented about safe pregnancy and early childcare

• **230** Children were surveyed to identify malnourishment out of which 24 children were identified as malnourished and were linked with Malnourishment Treatment Centre (MTC) for further advise from doctor

Women from extremely poor families were provided with support for starting poultry farming as a pilot

110 poor families were identified for the support. All the beneficiaries were given Sonalika breed of chicks.
They all were provided with iron cages, fodder, and drinking pot, to assist the poultry farming at individual level.

Two rounds of training were organized for the beneficiaries. All the major topics like taking care of chicks/hen, vaccination, etc. was covered in the training program. आजोबिका विकास पहल मुर्गी पालन त्यवसाय प्रत्नआईफी रफल्क्ष्ल इत्य

LICHEL

Promotion of Goatary Business for the Members of Self-help Groups

- **20**SHGs were provided support for starting goatary business
- **306** women belonging to selected SHGs were provided with 2 female goats each.

All the beneficiaries were provided training on Goat Management and goatary business

• **5** women from the community were selected and trained as a "Pashu Sakhi" for proper care and treatment of goats at local level. They were also provided with goat treatment kit and general medicines.

Veterinary camps were also organized at village level for proper care and

हृदय परियो संकलित थाम विक

### Individual Enterprise Support for Vulnerable and Poor Women/families

**24** poor women were selected, and a mobile cart (11) and shop Counter(13) was distributed to them so that they can start any kind of small shop or vending business and increase their income through an alternative source

## Vocational Skill Training for Youth

**206** youths from poor families were trained under various trades which includes:

- Tailoring
- Mobile Repairing
- Masonry
- Plumbing
- Domestic wiring

### Vermi Wash and Compost Pit

To promote organic farming and reduce farm input cost, training program on vermi wash production and compost making was organized in the villages

 90 Individuals were supported for construction of compost pit and vermi wash production units

### Tree Plantation

**6700** tree saplings were distributed among the villages as a part of plantation drive. The idea was to generate awareness and sensitize people about conservation of Natural resources and benefits of trees in ecology

में कम्पोस्ट इकाई न्यून्य परियोजना

### Fuel Efficient Stove

**400** fuel efficient Stove stoves were distributed.

The stove emitted very low amount of smoke and consumed far less fuel (biomass), so it not only helped in saving biomass but also reduced the exposure to harmful carbon emission thus positively impacting respiratory and optic health of women.

### Solar Street Light

**40** solar lights were installed after identification of the most suitable areas in the villages through rigorous community consultation process.

### Wheat Cultivation Through System of Wheat Intensification (SWI)

 149 marginalized Farmers were trained in SRI Wheat cultivation technique from selected villages.

## Rice Cultivation Through System of Rice Intensification (SRI)

• **164** marginalized Farmers were trained in SRI Rice cultivation technique from selected villages

Support and supervision was also provided to those marginalized farmers for developing demonstration plots using SRI technique for both rice and wheat cultivation.

**ELICHEL** 

### Vegetable Cultivation Through Trellis Method

- **125** marginalized Farmers were trained in technique of vegetable cultivation through trellis method, the idea was to increase the produce by growing 2 varieties at the same time and thus increasing their income.
- Support and supervision was also provided to the beneficiaries for developing demonstration plots using the techniques.

### Kitchen Gardening

- **385** women were trained in kitchen gardening, with an objective to add more nutrition to their family diet and provide a small source of additional income.
- 7 kinds of seeds for summer and 08 kinds of seeds for winter season were provided to the
- identified beneficiaries.
- Total 12 types of high quality vegetable seeds were provided to more than 600 women

लक्षार्थी का बाज्र : सिमा देवी, चसारी

Training and exposure
visit was organized for the
members of the farmers
group so as to provide
them with knowledge and
information about new
and innovative
agricultural practices.

#### Farmers Group

- 10 Farmers groups comprising of 150 + marginalized farmers were formed in the selected villages
- Farmer's kit was distributed to those farmers Group. The kit consists of farming machines and equipments like seed drill, spray machine, irrigation pipe, weeder, Separator fan

etc.

9

### Solar Powered Drinking Water Station

**12** Solar powered drinking water stations were constructed in selected villages.

200+ families are being benefited from it and it is a big relief for them in the scorching heat during summer when most of the hand pumps have dried and there is scarcity of safer drinking water.

### Community Bathroom for Women

Mostly the individual households belonging to marginalized section of targeted villages are devoid of bathroom or separate bathing facilities. Most of the women bath in the open and for them it is one of the most important issues as it is related to their hygiene as well as dignity.

To address the issues, **30** Community bathrooms exclusively for women were constructed at common place in selected villages.

- Weekly Legal counselling & support- under this 136 cases were supported and 43 cases were settled through mediation.
- Scheme Linkage support and information, under this 277
  E- shram card and 36 Pravasi Shramik Card were issues and many more Migrants were provided with information about various schemes.

#### Vishwanath Tiwary

#### Village – Basari

Vishwanath Tiwary was supported under the project and established a trellis farm in 224 square meters of land. He cultivated turmeric, Ginger, Bottle Gourd, and Bitter Gourd in the first season. The overall production was close to 200kgs. Out of which he sold 125kgs and earned Rs 5000/-, he used the remaining for consumption purposes. This year he hopes to earn even more

### Rajendra Chaudhury

#### **Migrant Labour**

ELICHEL E

Rajendra Chaudhury worked as a mason to support his family of six members. In search for better opportunities, he moved to Hyderabad where one contractor promised to pay him Rs 1000 per day with free food and lodging for his services. However, at the time of payment the contractor paid Rs 5000 less and fired him. Having been cheated, he moved to Daltonganj. One day he came to know about Migrant support initiative under HRIDAY Project. He contacted the centre Incharge and narrated his story.Migrant support centre arranged a lawyer who spoke to the contractor paid the remaining amount of Rs 5000 to Rajendra.

#### Anita Devi

#### Village - Mahuari

Anita Devi, 32, belongs to a marginalized family, who somehow manages to make ends meet every month.

Under the HRIDAY project, In the year 2020, when the nation was hit by the pandemic, she learnt poultry farming and started it with project's support. Over the period, she has already sold enough eggs to fetch her more than Rs. 20,000/-.

Anita says - "I never thought I could help my family by bearing a part of the expenses by myself. I am thankful to the HRIDAY project to support me and improve the earnings". Today, Anita has gained enough confidence and has an assured source of additional income through poultry farming.

#### Sanju Kuwar

#### SMC Member

The Middle school Dihri village of comes under LIC HFL HRIDAY Project where the incessant awareness and motivation of School Management Committee members was in practice for 2 years. Efforts were made to ensure active participation of SMCs in school welfare.

Motivated with our effort, One of the SMC members, Ms. Sanju Kuwar surveyed the village and prepared a list of children not going to school and talked to their parents about the importance of education. After her continuous effort total 6 children were enrolledin school.

In the joint meeting of SMC and school, the headmaster of school has praised the efforts of Ms. Sanju Kuwar and told that if this type of efforts will continue, we can admit 50 – 75 more children in a year and can also achieve the target of 0% ropouts.

Manorama Devi Village– Ahmadnagar

Manorama Devi and her husband always struggled for their survival. Due to lack of work opportunities in the village, her husband migrates often. Despite his hard work, they barely earn enough to fulfil the basic family needs. Her two children never went to school as they couldn't bear any additional expenses Under LIC-HFL's HRIDAY Project, SHGs were formed for women. Manorama also became a member of her village SHG, in 2019 she received support under the project to start goatary business. She nurtured and took care of the two goats that she received. Soon, this bore fruit and the two goats delivered 6 goats. After five months she gave one goat to the SHG and sold rest of the five goats for 4000/- each earning Rs 20000/-. She utilized this money to send her children to school and for other necessary family needs. The second time, the goats delivered four kids. This way, Manorama embraced a sustainable livelihood for herself and her family.

MEDIA COVERAGE

"I am very impressed by the work done by ssk in the field. In a place like Hussainabad where agriculture faces many challenges, the technical support and agricultural equipment provided by the Sahbhagi Shikshan Kendra will surely help the farmers in long run. If one or two institutions like Sahbhagi Shikshan Kendra come up, then the entire subdivision can be developed".

#### - Ratan Kumar Singh, B.D.O

"The renovation work done by the Sahbhagi Shikshan Kendra in the school is commendable. These kinds of school development initiatives will increase enrolment in the school. We will surely plan to do such work in all the schools of Palamu".

#### - Upendra Narayan, D.E.O

"The work that the Sahbhagi Shikshan Kendra has been doing so far for the development of the village is excellent and commendable, I hope that it will continue in future also. I have also worked in the social sector, so I understand how difficult it is to do the work of development of villages. Now their efforts has made the change is visible."

- Pujay Prakash, S.D.P.O
